THE MASS MEETING AT LEBANON! The Masses in Council!!

We are indebted to a friend for a short note from Lebanon, dated Saturday evening, giving a concise account of the meeting there on that day. He estimates the crowd at about 5000 ! gentlemen will address the people. Come one, and says the most unbounded onthusiasm prevailed.

Hon, G. A. Benry made the opening speech of two hours. It was a most eloquent, argumentative and thrilling appeal in behalf of the American cause.

After he had concluded the immense crowd repaired to the tables, ail regaled themselves with one of the finest dinners of the seasonench a one as the good people of Wilson can always offer.

After dinner Col. Jo. G. Pickett took the stand and made, says our correspondent, a most powerful and effective speech, appealing to his old democratic friends to come out from the support of the dangerous and destructive doctrines of Audrew Johnsonism, and stand by the cause of their country.

P. S.-Since the above was written, we have received a second letter, dated Saturday night, 12 o'clock, from a reliable correspondent. He estimates the crowd at upwards of 5000, and speaks in the most enthusiastic terms of the speeches of Moj Henry and Col. Pickett. The military from this city, commanded by Capt. W. L. Horn, united with the Lebanon Guards, added zest and brilliancy to the affair. Such a dinner, so many people in counsel, and such order and unanimity, and such enthusiasm was never seen before in Old Wilson,

" After supper," says our correspondent, "we had a grand rally at the Court House, and were entertained by Dr. Holland, in one of his eloquent and soul stirring speeches, followed by Col. Pickett, who spoke for an houand a half, fai-ly eclipsing himself. The po pared to exchange Figur for Wheat on such terms a litical contest in our State is about to close. To the Citizens of the Southern and Western States. Learning from my agents and correspondents in various parts of the country, that my Schiedam Aromatic Schnapps is extensively counterfeited, especially in the Southern and Western States, and finding that the pirates daringly advertise their pernicious deceptions under the name which belongs to my article, I think it necessary to caution the community against these venders of poison in disguise.

I introduced the Schledam Aromatic Schnapps for the purpose of supplying the medical faculty and the whole Ju with a pure medicinal spirit, which might be prescribed with confidence in all cases where stimulants required, without producing the fearful con-equer which invariably result from using adulterated liquor. In order to render assurance doubly sure. I had the article analysed by chemists of worldwide pelebrity, and submitted it for experiment test to thousands of distinguished medical practitioners. The responses from these sources were of the most unequivocal and entisfactory character. It is now before the public, surrounded with these guaran tees, and bearing these unimpeachable endorsements, and their own heal h and my reputation - y fromning down and repudiating the piratical speculators who are pediling their foul commodities under cover of my trade mark. It would hardly do for any one to have the temerity nowa-days to question the excellence of Dr. Hooft and's German Bitters, which are prepared by Dr. C. M. Jackson, In cases of dyspepsia, liver complant, and derangement of the digestive organs, their many virtues have long since been made plainly apparent. They purge from the system the morbid humo's which retard their natural functions, and bring paleness to the cheek and suffering to the brow. They banish those clogs upon happiness, and restore the system to high nealth.

Of the United States. A N advertisement of Mr. UDOLPHO WOLFE, lately published, as I suppose, intended for the protection of his Schledam Schnappe against counterfeiters, his come under my observation, and being engaged in the manufacture of Schledam Schnappe, were I to let it puss without notice through this median, i night be considered among those he den minates "Pirities and Venders of Poleon," but the immense patronage and success that he settended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggreed at the depreciation of the sale of his Schnappe, which is manifest to all, since mine has been bruggit into competition with his. Not only have I succeeded in competing with him in quality, but the constant and increasing demand for a writer. increasing demand for my article, has enabled me to furnish it at a less price than he can, or does - say \$2 in the dosen. And, furthermore, he will soon become eatisf of that his cau-tion to the cit zens of the "Southern and Western States" will await him nothing as far as I am concerned, for the character of my Schiedam Schinapps is too well established in those States, to be injured by any such levidious publication. The motive of his advertisement is obvious to every one, and feeling we'll satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for

the satisfaction of the public, publish a copy of my Patent Bight, entered in the Southern District of New York, on the 28th of December, 1854: (Copy of Patent Right.) It is owing to the corrosive, inflammatory and poleonous
